About Craig and Jenni Marsh

Craig and Jenni Marsh have conducted healing and testimony meetings across New Zealand, Australia, Singapore, Spain, Canada, the Cayman Islands, South Africa, Belgium and in the United States. They have also travelled extensively here in the United Kingdom.

They have been involved in a number of 'outpourings' of the Holy Spirit, notably the 'Allendale Outpouring' in the USA where many thousands turned to God, and where there were many significant healings. Also in Stoke on Trent where a group of churches came together in 2006 for a series of extraordinary meetings. During his years of sickness, Craig met with God in a very real way, coming to know and experience a great depth of God's love particularly during one amazing encounter with heaven when he was desperately ill in hospital.

Craig Marsh

Craig Marsh who comes from Auckland in New Zealand became very seriously ill in 1989. He went on to have three major operations - in 1989, 1991 and 1994 which left him with only part of his stomach and an incomplete digestive system. During these years he was often in terrible pain, could eat very little and was slowly dying.

In May 1999, with just weeks to live, he made a 'final' trip to America to attend a ministers' conference. Here, on May 4th, too ill to make his presentation, he was dramatically and miraculously healed.

Able to eat properly for the first time in many years and free from pain, he returned to New Zealand well and rapidly regaining strength. He has since travelled all over the world with his wife Jenni, telling his incredible story. He now prays for the sick and has seen many healed.

Craig speaks with great humour and simplicity - he is a great communicator!
